1. PERSONAL DATA

Name David J. Lerner, M.D. FASMA

Contact dlerner111@gmail.com

EDUCATION

2006-2010 MD - The University of Kansas School of Medicine

2001-2005 Bachelor of Arts in Economics
Rutgers University, New Brunswick, New Jersey

2. POSTGRADUATE TRAINING

July 2015- June 2016 Fellow
Mallinckrodt Institute of Radiology,
Washington University in St. Louis
Abdominal Imaging

July 2010-June 2015 Residency
Diagnostic Radiology
University of Missouri Kansas City, Kansas City, MO

3. FACULTY POSITIONS HELD

November 2016- August2019 Clinical Assistant Professor
University of Missouri Kansas City School of Medicine
Kansas City, MO

September 2019- June 2024 Assistant Professor
University of Washington School of Medicine
Seattle, WA

4. HOSPITAL POSITIONS HELD

2016-2019 Fee Basis Radiologist
Kansas City Veterans Affairs Hospital

	Kansas City, MO
2016-2019:	Staff Radiologist Saint Lukes Hospital of Kansas City: Kansas City, MO
2016-2019:	Staff Radiologist Hays Medical Center Hays, KS
2019-Present:	Staff Radiologist University of Washington Hospital: Seattle, WA
2021-Present	Teleradiologist for Private Practice Group Consulting Radiologists Ltd.

5. HONORS

2024	Educator of the Year, University of Washington Radiology Residency Program
2023	Fellow of the Aerospace Medical Association, FASMA
2023	Educator of the Year, University of Washington Radiology Residency Program
2021	Ellingson Award First Runner Up - Aerospace Medical Association
2019	Associate Fellow of the Aerospace Medical Association
2018	Teacher of the Year, University of Missouri Kansas City Radiology Residency Program
2015	RSNA Roentgen Resident/ Fellow Research Award
2013	Space Medicine Association: Jeff Myers Young Scholar Award Finalist
2005	John C. Daniel Award in Economics Rutgers University
2005	Rutgers University Scholar-Athlete of the Year
2002-2004	President's Award Rutgers University
2001	Congressional Award, United States Congress, Washington D.C.

6. BOARD CERTIFICATION

2010	American Board of Radiology

7. CURRENT LICENSES

Minnesota
Wisconsin
North Dakota
Washington State
Missouri State
Kansas State
Arkansas

8. PROFESSIONAL ORGANIZATIONS

2019-2021	Association of University Radiologists
2012-present	Aerospace Medical Association
2010-present	Radiological Society of North America
2013-2015	American Hepato Pancreato Biliary Association
2008-2010	American College of Physicians American Academy of Family Physicians
2005-2010	International Honors Society in Economics

9. TEACHING RESPONSIBILITIES

Local Activities:

Lecture: Resident Lecture Series for Radiology, "Ultrasound Board Preparation", May 2023

Lecture: Resident Lecture Series for Radiology, "Ultrasound Board Preparation", April 2022

Lecture: Resident Lecture Series for Radiology, "Ultrasound Board Preparation", May 2021

Lecture: Fellow Lecture Series for Radiology, "Testicular Ultrasound", April 2021

Lecture: Resident Lecture Series for Radiology, "Cases from Nowheresville III", April 2021

Lecture: Resident Lecture Series for Radiology, "Adrenal Imaging Board Review", March 2021

Fellows Lecture: "The Solid Renal Mass" March 2021

Lecture: Resident Lecture Series for Radiology, "MRI Board Review II", February 2021

Lecture: Resident Lecture Series for Radiology, "MRI Board Review", January 2021

Lecture: Invited lecturer for the University of Washington Cardiothoracic Surgery Residency, "Imaging of the Chest", December 2020

Lecture: Interactive Resident Cases Conference VII, December 2020 HMC

Lecture: Resident Lecture Series for Radiology, "Cases from Nowheresville II", December 2020

Interviewer: Participant in interviewing/selection committee for the Radiology Residency Program for the University of Washington. December 2020

Visiting Lecturer: Board Review Lecture for the Ultrasound section of Boards, Virginia Mason Residency Program, November 2020

Lecture: Resident Lecture Series for Radiology, "Cases from Nowheresville", November 2020

Interviewer: Participant in interviewing/selection committee for the Radiology Residency Program for the University of Washington. November 2020

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. November 2020

Lecture: Interactive Resident Cases Conference VI, November 2020 HMC

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. October 2020

Lecture: Medical Student Radiology Rotation Lecture Series, "Imaging of the acute abdomen", October 2020

Lecture: Resident Lecture on "Personal Finance in Medicine", September 14, 2020 HMC

Lecture: Medical Student Radiology Rotation Lecture Series, "Imaging of the acute abdomen", September 2020

Lecture: Interactive Resident Cases Conference V, September 2020 HMC

Lecture: Interactive Resident Cases Conference IV, September 2020 HMC

Lecture: Interactive Resident Cases Conference III, August 2020 HMC

Lecture: Interactive Resident Cases Conference II, July 2020 HMC

Lecture: Interactive Resident Cases Conference, July 2020 HMC

Lecture: Lecture to incoming fellows, "Introduction to Fellowship", July 2020 UWMC

Test Faculty: Co-proctor and Test Contributor for the R3 University of Washington Mock ABR Exam. June 2020

Lecture: Monday Resident Lecture Series for Abdominal Imaging, May 2020 UWMC

Lecture: Virtual Interactive Fellows Cases Conference IV During Covid Crisis, May 2020 HMC

Lecture: Virtual Interactive Resident Board Review During Covid Crisis, April 2020

Lecture: Virtual Interactive Resident Abdominal Radiograph Cases Conference During Covid Crisis, April 2020 HMC

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. April 2020

Lecture: Virtual Interactive Fellows Cases Conference III During Covid Crisis, April 2020 HMC

Lecture: Virtual Interactive Fellows Cases Conference II During Covid Crisis, April 2020 HMC

Lecture: Virtual Interactive Resident Cases Conference II During Covid Crisis, April 2020 HMC

Lecture: Virtual Interactive Fellows Cases Conference During Covid Crisis, April 2020 UWMC

Lecture: Virtual Interactive Resident Cases Conference During Covid Crisis, April 2020 HMC

Lecture: Monday Resident Lecture Series for Abdominal Imaging, April 2020 UWMC

Lecture: Board Review Series Lectures for Ultrasound, March 2020 UWMC

Lecture: Monday Resident Lecture Series for Abdominal Imaging, March 2020 UWMC

Lecture: Fellows Case Series Lecture in Abdominal Imaging, February 2020. UWMC

Lecture: Monday Resident Lecture Series for Abdominal Imaging, February 2020. UWMC

Lecture: Invited Lecturer: Quarterly Staff Meeting, Department of Radiology "Imaging and Intervention in Space". February 10, 2020

Lecture: Resident Lecture Series for Radiology, "Board Review of Abdominal Imaging", December 24, 2019

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. December 10, 2019

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. December 9, 2019

Lecture: Lecture to the Emergency Medicine Program on Ultrasound Guided Lumbar Punctures. November 21, 2019

Test Faculty: Co-proctor and Test Contributor for the R4 combined University of Washington Make-up Mock ABR Exam. November 2019

Lecture Radiology Resident Research Fair: November 2019.

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. November 2019

Lecture: Medical Student Lecture Series. "The Acute Abdomen". October 2019. UWMC

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. October 2019

Lecture: Monday Resident Lecture Series for Abdominal Imaging, October 2019. UWMC

Test Faculty: Co-proctor and Test Contributor for the R4 combined University of Washington and Virginia Mason Mock ABR Exam. October 2019

Contributor: Contributor to the R2 Abdominal rotation test for internal residents at University of Washington. September 2019

Interviewer: Participant in interviewing Abdominal Imaging Fellows Applicants for the fellowship program. September 2019

Article Reviewer: Article reviewer for the Aerospace Medical Association journal: Aerospace and Human Performance. May 2019

Lecture: Imaging and Intervention in Space. A Radiologist Primer for Space Radiology. University of Missouri Department of Radiology, Columbia Missouri, 2016

Lecture: Imaging and Intervention in Space. A Radiologist Primer for Space Radiology. Mallinckrodt Institute of Radiology, Washington University in St. Louis, November 2015

Regional and National Activities:

Invited Visiting Lecture: Lerner, David J. Renal Mass Board Review. Department of Radiology, University of Missouri Kansas City School of Medicine. October 2023

Visiting Lecture: Grand Rounds at the Mayo Clinic, "Anesthesiology and Spaceflight: A Primer to the Anesthesiologist's Final Frontier", Department of Anesthesia, The Mayo Clinic, Rochester, New York, February 2021

Invited Visiting Lecture: Lerner, David J Body Imaging Board Review Series, Department of Radiology, University of Missouri Kansas City School of Medicine, December 2020

Invited Visiting Lecture: Lerner, David J Body Imaging Board Review Series, Department of Radiology, University of Missouri Kansas City School of Medicine. April 2020

Invited Visiting Lecture: Lerner, David J The Solid Renal Mass and Board Review, Department of Radiology University of Kansas School of Medicine January 2020

Invited Visiting Lecture: Lerner, David J Board Review of Renal Masses and Algorithm Update, Department of Radiology, University of Missouri Kansas City School of Medicine. January 2020

Invited Lecturer and Technical Skills Workshop Leader: Lerner, David J Ultrasound Guided Injections of the Spine. Washington University in St. Louis, Barnes Jewish Hospital, Department of Physical Medicine and Rehabilitation. May 2019

Lerner, David J Board Review Lecture Series, Ultrasound and Ultrasound Physics, University of Missouri Kansas City Radiology Residency Program. Kansas City, Missouri. April 2019

Invited Lecturer: Board Review Lecture Series: Lerner, David J, Rutgers University Radiology Residency Program. New Brunswick, New Jersey. April 2019

Lerner, David J Board Review of Liver Lesions, University of Missouri Kansas City Radiology Residency Program. Kansas City, Missouri. April 2019

Reviewer for abstract presentations for acceptance to present at the annual Aerospace Medical Association conference. December 2017

International Activities:

Invited Lecturer: Lerner, David J "Extraterrestrial Medical Imaging: Seeing in Dark Space with Athena's Imaging Rays. Interventional Radiology". European Congress of Radiology. Vienna, Austria. March 2026.

Invited Special Lecturer: Lerner, David J "Imaging and Interventional Radiology for Exploration Class Missions". CNES Centre Nationale D'Etudes Spatiales (French Space Agency) and MEDES the Institute for Space Medicine and Physiology. (Virtual) Toulouse, France. December 2020.

Invited Special Lecturer: Lerner, David J "Destination Mars: Application of Diagnostic and Interventional Radiology for the Future of Space Exploration". Guest Speaker FU-RI 16: Futurs en Radiologie Interventionnelle, CERIMED Marseille, France. September 2016.

NASA (National Aeronautics and Space Administration), SpaceX Related Activities:

Co-Investigator: Part of the research team that performed the first x-rays in space in human history. SpaceX FRAM2 Mission, Launched April 2025.

Co-Investigator: Part of the research team that performed the first digital xrays in microgravity. Zero G Flight, November 2022.

Consultant: Exploration Medical Capability Team: Discussing techniques for Percutaneous Nephrostomy with ultrasound guidance on Exploration Class Missions. NASA/KBR Wyle: June 2023

Consultant: Exploration Medical Capability Team: Ultrasound and X-Ray Capability Evaluation for NASA Long Duration Mission Medical Conditions List, Johnson Space Center/NASA: April 2020

Consultant: Exploration Medical Capability Team: Optimizing Ultra Portable X-Ray Imaging System to incorporate dental evaluations/diagnosis on Exploration Class Missions, Johnson Space Center/NASA/Zin Technologies: November 2019

Consultant: Exploration Medical Capability Team: Contributor to internal quality optimization for ultrasound units on Exploration Class Missions, Johnson Space Center/NASA/Langley: November 2019

Consultant: Exploration Medical Capability Team: Developing X-Ray Imaging Capability for Space. Johnson Space Center/NASA: October 2019

Consultant: Exploration Medical Capability Team: Exploration Capable Habitat Ultrasound for long duration missions. Johnson Space Center/NASA: August 2019.

Invited NASA Lecturer: Lerner, David J Real Time Ultrasound Directed Remote Guided Lumbar Puncture for Potential Application of Evaluating SANS in Microgravity, Lecture to Exploration Medical Capability Team and SANS Team, NASA. Johnson Space Center. Houston, Texas. March 2019.

Consultant with Exploration Medical Capability Team regarding Portable Radiography potential use for microgravity. JSC/NASA: May 2018.

Consultant for developing percutaneous drain kit recommendations for potential use in microgravity. JSC/NASA: February 2018

Invited NASA Lecturer: Lerner, David J Techniques for Performing Lumbar Puncture in Microgravity. Lecture to Exploration Medical Capability Team and Astronaut-Physicians. NASA. Johnson Space Center. Houston, Texas. April 2016.

Question writer for Radiation Physics and Radiation Environmental Safety and Standards portion of the Residents in Aerospace Medicine Board Review at the Annual Aerospace Medicine Association Conference April 2016.

Invited NASA Lecturer: Lerner, David J Imaging and Intervention in Space: Utilization of Radiology for Future NASA ISS and Exploration Class Missions. Lecture to the Medical Operations Group. NASA. Johnson Space Center. Houston, Texas. February 2016.

Invited NASA Lecturer: Lerner, David J Imaging and Intervention in Space: Utilization of Radiology for Future NASA ISS and Exploration Class Missions. Lecture to the Exploration Medical Capability Team. NASA. Johnson Space Center. Houston, Texas. December 2015.

Invited Grand Rounds NASA Lecturer: Lerner, David J Interventional Radiology: The Future of Surgery in Microgravity. NASA. UTMB/JSC Space Medicine Grand Rounds. Johnson Space Center. Houston, Texas. February 2014.

Question writer for Radiation Physics and Radiation Environmental Safety and Standards portion of the Residents in Aerospace Medicine Board Review at the Annual Aerospace Medicine Association Conference May 2015.

10. EDITORIAL RESPONSIBILITIES

2020-2021: Reviewer for the journal Ultrasound Quarterly
2020-2021: Reviewer for the journal Abdominal Imaging
2020-2023: Reviewer for Journal of the American College of Radiology
2018-Present: Reviewer for Aerospace Medicine and Human Performance

11. SPECIAL NATIONAL/INTERNATIONAL RESPONSIBILITIES:

2022-2023: **Centre Nationale D'Etudes Spatiales (The French Space Agency) and MEDES the Institute for Space Medicine and Physiology:** Invited member of think tank for exploring how radiology and interventional radiology will be involved on future space missions, including future Moon and Mars missions.

12. SPECIAL LOCAL RESPONSIBILITIES:

Mentorship:

Zainab Qudsiya Medical Student: Mentorship and helping to guide her authorship of a case report on Epiploic Appendagitis. July-September 2020

Michael Pohlen MD: Mentorship and guide as well as co-researcher on multiple space radiology projects for aerospace medicine and NASA. 2020-Current

Captain John J. Gorog Jr, MD (United States Air Force): Mentorship and helping to guide John in the field of Radiology as well as Aerospace Medicine. We have worked on a couple of projects over the years. 2018-Current.

Fellows:

2020-2021: University of Washington Abdominal Imaging Fellowship

Michael Lee, M.D: Inland Imaging, TriCities Washington

Deepashri Basavalingu, M.D.

Khatri Garvit, MBBS

Robert Chase Apland, D.O.: University of Washington Faculty

Alp Oztek, M.D.

Giuseppe Toia, M.D., M.S.: University of Wisconsin Faculty

2019-2020: University of Washington Abdominal Imaging Fellowship
Laura Aaltonen MD: Emergency Radiology Fellowship at Harborview Medical Center
Narendra Adhikari MD: Emergency Radiology Fellowship at Harborview Medical Center
Olaseni Arogundade MD: Confluence Health Radiology, Wenatchee WA
Adella Dunagan MD: Vantage Radiology and Diagnostic Services, Federal Way WA
Sandhya Jacob MD: Tacoma Radiology Associates, Tacoma WA
Michael Posch MD: Inland Imaging, Seattle, WA
Daniel Van Roekel MD: Tacoma Radiology Associates, Tacoma WA
Priya Pathak MBBS: Nuclear Medicine Fellowship at University of Washington, Seattle WA

Directorship:

Director of Resident Education for the Body Imaging Section of Radiology 2019-2020

Curriculums Created:

1. Curriculum for the residents rotating through the Body CT service at the University of Washington

2. Curriculum for the residents rotating through the Harborview Body service at University of Washington

3. Curriculum for the residents rotating through the Body MR service at the University of Washington

4. Curriculum for the residents rotating through the Harborview Radiograph and Fluoroscopy service at the University of Washington

Committee:

2019-2021

On the Resident Selection Committee for the Radiology Residency Program at the University of Washington

14. RESEARCH FUNDING

2020: Rohrmann Fund Grant in the sum of $ 4,000 to initiate/create a Radiology Procedures Simulation Lab.

2020: Applied for the Royalty Research Fund Grant: University of Washington
